

You know you need a website for your business but you think you can't afford it right now, right?

Think again.

biz on the net

Here's how it works

We work with you

Tell us about your business, your dreams and objectives. We'll take it from there.

To create a beautiful, functional website

Our copywriters and designers work together to translate your vision into a website that not only looks great, but motivates your market to engage positively with your business.

That you can control

Once you're happy, we hand the site over to you to manage and maintain using our easy to use admin tools. You can make your own content updates and add new pictures with our support team on call if you need them.

We've structured our website solutions to enable fast turn-around of professionally designed and functional digital solutions, that deliver more for less.

DESIGN & MARKETING EXPERIENCE

Our talented team of copywriters, designers and developers have many years of marketing, design and programming experience – all of which we bring to your project.

POWERFUL FUNCTIONALITY

Our packaged offerings utilise existing website technologies that we customise to fit your requirements. This means that your project will benefit from the kind of functionality that usually costs an arm and a leg. (Things like enquiry forms, stylish navigation features and animations, gallery modes, mobile-ready design and simple-to-use admin tools.)

FAST TURNAROUND TIMES

We'll have the first design draft to you in one week. Where upon you will have a chance to review and suggest changes up to two drafts. On design approval we build the site and have that ready for you the following week. That's it. You can be up and running online in just 2 weeks!

SECURE HOSTING & EMAIL ACCOUNTS

With Biz on the Net you conveniently have all your website and email services under one roof. We'll register your domain*, set up your hosting account and provide you with secure email facilities for just £7 a month! (Domain Registration is an additional once-off fee priced from £15.31)

FULL CONTROL WITH SUPPORT ON CALL

Simple to use and understand admin tools allow you to update your website with absolutely no technical skill required. So you can enjoy updating your content and images as and when you need to. And if you get stuck, our technical team is always on hand to assist.
